

Energy Rewards

NEW HAMPSHIRE TERMS & CONDITIONS

You authorize Everyday Energy, LLC d/b/a Energy Rewards (“Everyday Energy”), a member of the Crius Energy family of brands, to change your electricity supplier, as the case may be, to Everyday Energy and to supply your home or small business with all the electricity you need, subject to the eligibility requirements of your local electric utility (“Utility”). Your Enrollment Documentation, which includes your Welcome Letter, and these Terms and Conditions create your agreement with Everyday Energy (“Agreement”). Capitalized terms used herein have the meaning ascribed to them as listed within the Agreement as well as in the “Definitions” section herein.

1. **ELECTRICITY**. Upon successful completion and receipt of all customer enrollment requirements, Everyday Energy will supply electricity for your home or small business. Everyday Energy is a retail marketer of electricity and is not your Utility. Your Utility will continue to deliver electricity to your home or small business, read your meter, send your bill and restore power and charge you for its services related to delivering your electricity. Your Utility will also respond to emergencies and provide other traditional utility services. You understand that you are not required to switch your electricity to Everyday Energy. This Agreement is subject to the eligibility requirements of your Utility and Everyday Energy may choose not to accept this Agreement for any reason. If you are enrolled in any Utility program or bill assistance program, enrolling with Everyday Energy may impact your participation in these programs. Please check with your Utility or program administrator before enrolling with Everyday Energy.

2. **TERM**. Everyday Energy will begin supplying your electricity when the Utility switches your account to Everyday Energy. Your Agreement will continue for the Term specified in the Enrollment Documentation, and if applicable for the Renewal Term. Your Term is based on monthly billing cycles as determined by your Utility and each monthly billing cycle may not represent a full calendar month. If your Utility bills bimonthly, Everyday Energy will treat this as two monthly billing cycles. Typically it takes one to two billing cycles for your Service to be switched from your Utility to Everyday Energy, but there may be a delay before the Utility switches electricity and you understand that Everyday Energy is not responsible for any such delays. You may receive written notification from your Utility confirming your switch to Everyday Energy. Everyday Energy may terminate this Agreement by providing you notice as required by regulation or law.

3. **PRICE**. Company does not charge any fee for you to switch from your utility to Company. Please note that some products have specific fees related to the product or plan you choose which are detailed in your product Enrollment Documentation; these fees are not switching fees. Each month you will pay for the electricity you consume. For electricity, your bill will be calculated by multiplying your Rate by the amount of electricity measured in kilowatt-hours during the billing cycle, plus any applicable Fees. Your Rate does not include other costs, including but not limited to, the price of transmission and distribution, the system benefits charge, stranded cost recovery charge, and taxes. If your price is based on an estimated usage for such electricity, Everyday Energy has the right to bill you on actual usage when such information is made available and you have the obligation to pay Everyday Energy for such actual usage amounts.

4. **RATE PLAN OPTIONS**.

a. **Fixed Rate**. If you selected a fixed rate, the Rate for your Service is the Rate indicated in your Enrollment Documentation and guaranteed not to change for the Term (“Fixed Rate”).

b. **Variable Rate**. If you selected a variable rate, the Rate for your Service for your first billing period is the Rate indicated in your Enrollment Documentation (“Variable Rate”). Variable Rates are set at Everyday Energy’s discretion and may vary based on numerous factors, including, but not limited to, Everyday Energy’s assessment of applicable market conditions, operation costs, historic and projected supply and hedging costs, prior meter read cycle’s pricing and balancing costs, projected average customer bill amounts and Utility pricing or “price to compare” and applicable pricing reset dates and may include the following additional costs: ancillary services and other ISO costs, capacity costs, transmission costs, line loss costs, RMR costs, credit costs, balancing costs, winter reliability costs, and costs associated with meeting any applicable Renewable Portfolio Standards, and a profit margin determined in Everyday Energy’s discretion that may vary from month to month. Your Variable Rate will not include any fees, taxes or charges directly assessed by the Utility.

c. **Understanding and Selecting Rates**. You understand that unless you have been offered a Rate in writing confirmed by Everyday Energy that expressly provides otherwise, there are no guaranteed savings and your Rate may be higher or lower than the Utility’s rate in any given month.

5. **RESCISSION; TERMINATION**. You may rescind or terminate this Agreement as provided below.

a. **Right of Rescission**. In compliance with New Hampshire Puc Rules, you may rescind this Agreement, without fees or penalties of any kind, (i) within three (3) business days from the date of personal or electronic delivery of this Agreement, or (ii) within five (5) business days from the date of postmark when this Agreement is delivered via the United States postal service (“Rescission Period”).

b. **Terminating Fixed Rate Plans**. You may terminate a Fixed Rate plan at any time; provided that, if you terminate after the Rescission Period and before the end of the Term or Renewal Term, the applicable Termination Fee listed in your Enrollment Documentation will apply for the Service you terminate. If you are a small business customer and selected a Fixed Rate, unless otherwise stated in your Enrollment Documentation, your early termination fee for each Service is equal to the Remaining Contract Quantity times the greater of (i) Contract Price less Market price at the time of the Termination, or (ii) \$0.02/kWh or Ccf/therm. Remaining Contract Quantity shall mean the total estimated usage for the period remaining in the Fixed Term of this Agreement at the time of termination, based on Buyer’s historical

usage or Everyday Energy's estimated usage calculated in a commercially reasonable manner. The Market Price for the remainder of the Fixed Term will be determined by Everyday Energy in a commercially reasonable manner.

c. Terminating Variable Rate Plans. You may terminate a Variable Rate Plan at any time and no Termination Fee will apply.

d. Termination Notice; Effect of Termination. To terminate or rescind this Agreement, you must notify Everyday Energy as detailed in Section 14 or your Utility. Please provide your name, address, phone number, account number and a statement that you are rescinding or terminating the Agreement. Rescission is effective immediately. Termination will be processed immediately but is effective upon your Utility processing your termination and you are obligated to pay for the electricity provided pursuant to this Agreement until you are returned to your Utility or alternative supplier.

6. BILLING AND PAYMENT. The electricity you purchase from Everyday Energy will be included in your Utility monthly bill or in a separate invoice from Everyday Energy. If from the Utility, the Utility will set your payment due date and the payment address. Any bill not paid in full by its due date will incur a late payment fee in accordance with the Utility's billing and payment policies and procedures. You may be liable for the costs Everyday Energy incurs if Everyday Energy must terminate your electricity for failure to pay, such as collection costs or attorney fees. Everyday Energy shall have the right to setoff and net against any undisputed amounts owed by you under this Agreement which will be owed to Everyday Energy, and Everyday Energy shall additionally have the right to setoff and net against any deposit or security provided by you pursuant to this Agreement any amounts, charges or damages owed by you to Everyday Energy. If you have provided Company, its affiliates or agents with a credit card number, you provide authorization to charge any outstanding balance to such credit card. You will be billed and pay Everyday Energy for the electricity based on meter readings and consumption information that Everyday Energy receives from your Utility ("Billing Quantity"). For commercial accounts, Everyday Energy will have the option to adjust the Billing Quantity for line loss retained by your Utility. You are responsible for paying and reimbursing Everyday Energy for all applicable Fees.

7. CUSTOMER INFORMATION. All authorizations provided herein will remain in effect for the Term and, if applicable, the Renewal Term of this Agreement; however, authorization may be rescinded by you any time by contacting Everyday Energy.

a. Credit Requirement. You authorize Everyday Energy to review your credit history. You may be required to promptly provide Credit Enhancements to continue Service if there is a deterioration in your credit rating or a Usage Increase.

b. Customer Information; Privacy Policy. You authorize Everyday Energy to obtain your Customer Information from your Utility. This Agreement provides authorization for Everyday Energy to contact you about our other products and services or share information about your account with any designated partner or with any third-party vendor Everyday Energy uses to provide services and rewards to you. Everyday Energy reserves the right to share your Customer Information with Everyday Energy Agents, to the extent permitted

by law. Everyday Energy shall not release confidential Customer Information without written authorization from the Customer along with a statement, not inconsistent with Puc 2004.09, of which Customer Information shall be considered confidential.

8. RENEWAL NOTICE. For any Fixed Rate plan you have selected, you will receive notice from Everyday Energy (between thirty and sixty days prior to the end of your Term) that, unless you opt out, you will be automatically enrolled: (i) on the Fixed Rate plan provided in the notice, or (ii) on Everyday Energy's Variable Rate plan available at such time (which allows you to cancel at any time without any Termination Fees). Each new renewal period after your initial Term will be deemed a "Renewal Term". For any Variable Rate plan, you will not receive a renewal notice and such plan will continue until you cancel, or Everyday Energy may cancel by providing you notice as required by regulation or law.

9. PHONE COMMUNICATION POLICY. You will be asked by Everyday Energy or its agents or affiliates to provide consent to Everyday Energy's Phone Communication Policy. Our policy is that if you provide your phone number, which may include your wireless number, Everyday Energy and its Agents may text or call you with autodialed or pre-recorded promotional or product information. Your consent and acceptance of this policy is not a condition of purchase. You may add a telephone number to the national do not call registry by calling 888-382-1222 from the phone you wish to register, or go click on "Register a Phone Number" in the left column of the webpage at www.donotcall.gov.

10. DISPUTE RESOLUTION AND MANDATORY AGREEMENT TO ARBITRATE ON AN INDIVIDUAL BASIS. If you have billing questions or would like to make an inquiry about Everyday Energy's terms of service, you may contact Everyday Energy as indicated in Section 14. In the event of a dispute or a disagreement under this Agreement, the parties will use their best efforts to resolve the dispute. If you are not fully satisfied after discussing your dispute with Everyday Energy, or if you have any questions about rights and responsibilities, you may contact the Commission's Consumer Affairs Division at 1-800-852-3793.

Regardless of whether you choose to pursue your dispute with the Commission's Consumer Affairs Division, your right to pursue individual arbitration with Everyday Energy will not be impacted under this Agreement as set forth below.

You and Everyday Energy both agree to resolve Disputes (as defined below) only by arbitration or in small claims court (for qualifying claims), subject to specific exceptions listed herein. The parties expressly agree that they are waiving their right to sue in court and that arbitration is the parties' sole remedy to resolve disputes. There is no judge or jury in arbitration, the procedures may be different, and is subject to very limited review by a court. An arbitrator, however, can award you the same damages and relief, and must honor the same terms in this Agreement, as a court would. If the law allows for an award of attorneys' fees, an arbitrator can award them too. In addition, you and Everyday Energy also both agree that:

(a) "Disputes" are any claims or controversies against each other related in any way to, or arising from Everyday Energy's electricity, this Agreement, or any related agreements, including but not limited to, billing, services and practices, policies, contract practices

(including enforceability), service claims, privacy, or advertising, even if it arises after your electricity with Everyday Energy have terminated. Disputes include any claims that: (i) you bring against Everyday Energy or any of its employees, agents, affiliates, or other representatives; or (ii) that Everyday Energy brings against you. It also includes, but is not limited to, claims related in any way to, or arising from any aspect of the relationship between you and Everyday Energy, whether based in contract, tort, statute, fraud, misrepresentation, or any other legal theory.

(b) Except as otherwise provided under Section 10(f) below, the Federal Arbitration Act, 9 U.S.C. § 1 *et seq.* (the “FAA”) applies exclusively to this agreement to arbitrate, and this agreement to arbitrate is intended to be broadly interpreted. The arbitrator’s decision and award is final and binding, with some exceptions under the FAA, and judgment on the award may be entered in any court with jurisdiction.

(c) Prior to initiating arbitration, a party must first send to the other, by certified mail, a written notice of dispute (“Dispute Notice”). The Dispute Notice to Everyday Energy should be addressed to the Notice Address listed in Section 14. The Dispute Notice must (i) describe the nature and basis of the claim or dispute; and (ii) set forth the specific relief sought (“Demand”). If Everyday Energy and you do not reach an agreement to resolve the claim within thirty (30) days after the Dispute Notice is received, you or Everyday Energy may commence an arbitration proceeding. During the arbitration, the amount of any settlement offer made by Everyday Energy or you shall not be disclosed to the arbitrator.

(d) Unless the parties agree otherwise, the arbitration will be conducted by a single neutral arbitrator and will take place in the county of the service address.

(e) The arbitration will be conducted by: (i) a neutral third party arbitrator mutually agreed upon by you and Everyday Energy; or (ii) the American Arbitration Association (the “AAA”). The arbitration will be governed by the Commercial Arbitration Rules and the Supplementary Procedures for Consumer Related Disputes (collectively, “AAA Rules”) of the AAA, as modified by this Agreement, which can be found at https://www.adr.org/aaa/ShowProperty?nodeId=/UCM/ADRSTA_GE2009997&revision=latestreleased. Where the terms of this agreement to arbitrate conflict with the AAA Rules, the terms of this agreement to arbitrate shall override and govern. The AAA Rules are available online at www.adr.org, by calling the AAA at 1-800-778-7879, or by writing to the Notice Address for Everyday Energy, which is listed in Section 14. The arbitrator is bound by the terms of this agreement to arbitrate. All issues are for the arbitrator to decide, except that issues relating to the scope and enforceability of the arbitration provision are for the court to decide. If your claim is for \$10,000 or less, Everyday Energy agrees that you may choose whether the arbitration will be conducted solely on the basis of documents submitted to the arbitrator, through a telephonic hearing, or by an in-person hearing as established by the AAA Rules. If your claim exceeds \$10,000, the right to a hearing will be determined by the AAA Rules. Regardless of the manner in which the arbitration is conducted, the arbitrator shall issue a reasoned written decision sufficient to explain the essential findings and conclusions on which the award is based. Upon your request, and you supplying appropriate documentation, Everyday Energy will reimburse your

administrative costs for the arbitration over and above the costs associated with filing a case in court. If, however, the arbitrator finds that either the substance of your claim or the relief sought in the Demand is frivolous or brought for an improper purpose (as measured by the standards set forth in Federal Rule of Civil Procedure 11(b)), then the payment of all such fees will be governed by the AAA Rules. However, nothing in this paragraph will require or allow you or Everyday Energy to arbitrate on a class-wide, representative or consolidated basis. An arbitration award and any judgment confirming it apply exclusively to the specific case. The arbitration award and judgment cannot be used for any other case except to enforce the award itself.

You and Everyday Energy each agree that arbitration will only be pursued on an individual basis, and will not be pursued on a classwide, representative or consolidated basis. This Agreement does not allow class, representative or collective arbitrations even if the AAA procedures or rules would. If for any reason any court or arbitrator holds that this restriction is unconscionable or unenforceable, then this agreement to arbitrate does not apply and the dispute must be brought in court.

(f) You and Everyday Energy agree that notwithstanding this agreement to arbitrate, either party may bring qualifying claims in a small claims court. In addition, this arbitration provision does not prevent you from bringing your dispute to the attention of federal, state, or local government agencies (including the Commission’s Consumer Affairs Division), and if the law allows, they can seek relief against Everyday Energy on your behalf.

(g) If for any reason a claim proceeds in court rather than through arbitration, you and Everyday Energy agree that there will not be a jury trial. You and Everyday Energy unconditionally waive any right to trial by jury in any action, proceeding or counterclaim arising out of or relating in any way to this Agreement or the electricity provided by Everyday Energy. In the event of litigation, this paragraph may be filed to show a written consent to a trial by the court.

11. **EMERGENCY**. In the event of an emergency such as a power failure, a downed power line, you should call your Utility. If your Utility is Eversource, call 1-800-662-7764; if your Utility is Unitil, call 1-800-582-7276 (Seacoast Region) or 1-800-852-3339 (Capital Region). You can also call your local emergency personnel at 911 if the emergency warrants.

EVERYDAY ENERGY DOES NOT GIVE ANY TYPE OF WARRANTY, EXPRESS OR IMPLIED, AND TO THE FULLEST EXTENT OF THE LAW, DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

*** ENERGY REWARDS GREEN RENEWABLE ENERGY CONTENT**— Energy Rewards purchases Renewable Energy Credits from wind sources, equivalent to 100% of the electricity load used by our customers. For more information on environmental impact, please visit comcastenergyrewards.com.
POWER SOURCES — New Hampshire law requires retail electricity providers to periodically provide information to their customers on the mix of power sources used by the provider to serve their New Hampshire customers' load.

EMISSIONS — Carbon Dioxide (CO2) is released when certain fuels are burned. It is considered a greenhouse gas and a major contributor to global warming. Nitrogen Oxides (NOx) form when certain fuels are burned at high temperatures. They are considered contributors to acid rain and ground-level ozone (or smog). Sulfur Dioxide (SO2) is formed when fuels containing sulfur are burned. Major health effects associated with SO2 include asthma, respiratory illness and aggravation of existing cardiovascular disease. The production of electricity can produce other harmful emissions and have other environmental impacts. Environmental impacts differ among individual power plants.
